

Luca Bernardi to defend the colours of the Aruba Cloud Team in the 2025 FIM MotoE World Championship

The Aruba Cloud team is pleased to announce the signing of Luca Bernardi, who will be Alessandro Zaccone's teammate in the 2025 FIM MotoE World Championship season. Born in San Marino on August 29, 2001, Luca Bernardi was twice Italian Champion, first in the Supersport 300 class in 2017 and then in the Supersport 600 class in 2020.

His consistent experience in the WorldSBK paddock began in 2017 when he debuted in the Supersport 300 Championship, contesting 10 races. In 2021 he participates in the World Supersport Championship taking 5 podiums and a pole position. In the following season he made his debut in Superbike with the Barni Racing Team, finishing the season with 35 points.

Stefano Cecconi (Team Principal Aruba Cloud MotoE)

"We believe in Luca's talent and we are sure that he can grow quickly in his first season in MotoE thanks to the support of the whole team and being able to compare himself with the experience of his team mate Alessandro Zaccone in this particular category. It will be important to take constant steps to reach the level we aspire to as soon as possible".

Luca Bernardi (Aruba Cloud MotoE #19)

"I'm thrilled to join the Aruba family and I'm sure I'll be able to integrate well immediately into this new team. It will be a new adventure for me with a new bike and new tyres but I'll try to do my best right away to find a good feeling. I consider it an apprenticeship season to grow and understand the category while still trying to have fun and obtain important results".
